II. What Information and Documents are required when making a Complaint

In order for Vimco to adequately process the complaint, the complainant should provide a detailed description of his complaint and copies of the documents supporting his/her complaint so that Vimco can provide an adequate resolution. The more detailed, precise and complete the information is, the smoother and faster the complaints handling process will be.

If Vimco has insufficient information to resolve a complaint, the company will contact the complainant and request a specified list of additional information it reasonably requires to properly handle the complaint. If the complainant is not able or willing to provide this additional information, Vimco may not be able to handle the complaint and will therefore have to reject it.

III. How will a Complaint be Acknowledged

Vimco shall provide the complainant with an acknowledgement of receipt of the complaint within 10 business days, provided the company has not already responded to this complaint within this period. This response shall include the name and contact details of the Vimco employee handling the complaint and either Vimco's response to the complaint or an indication when the complainant can reasonably expect a response to his/her complaint.

IV. Handling of a Complaint

Vimco aims to handle complaints in a professional and timely manner. Each complaint will be addressed in a fair, objective and unbiased manner.

Upon receipt of a complaint, Vimco will assess the completeness of the information and documentation sent by the complainant and identify whether additional information or documents are required. Consequently, Vimco will assess the seriousness of the complaint and assess whether the complaint concerns significant, systemic or recurring issues that request specific action plans that exceed the scope of the relevant complaint and the scope of this policy. Vimco will then estimate the time it reasonably needs to formulate an adequate response to the complainant.

Subsequently, Vimco will decide on the action plan for preparing an adequate response to the complainant and decide whether the complaint should be submitted to the out-of-courts complaints procedure of the Commission de Surveillance du Secteur Financier (CSSF).

Vimco's management will monitor and ensure that a complaint is handled properly, timely and in a fair, objective and unbiased manner.
